

**Conspiracy** A very talented and experienced five-piece band from Northern Ireland. Playing a wide selection of music from the 60's right through to current chart hits, Conspiracy are one of the top dance bands available in Northern Ireland today, and therefore are in big demand.

If you are organizing a corporate function, a wedding, or other entertainment event you can book Conspiracy using the details at the bottom of this form.

### **The Conspiracy Theory**

We believe that when you pay for live music you should get live music, so we never use backing tracks. Why pay for karaoke? Conspiracy is simply a big, bright. Fun dance band that gets people on the dance floor and lets them party.

### **The Conspirators**

The band features three guys and two girls. You can hear them in action on our website here <http://www.moonlightentertainment.co.uk/mp3downloads.php>

Performance pics and sample playlist are below. We will be adding more sound clips as they become available.

**Conspiracy now offering a free Disco on all wedding bookings for 2012-13 if booked before end of Feb 2012**
